

Policy of Integrated Management System

Quality, Safety, Health and Environment.

Sontara®

Sontara Asturias S.A.U., vision is:

Be, through its employees, a center of excellence for manufacturing nonwoven fabrics, recognized for the safety at work, the quality and competitiveness of its products and services and the continuous improvement of them to contribute with their results to the success of the Sontara global business through the satisfaction of the business stakeholders.

Knowing the importance of respect for the environment, the importance of Quality and concern for Occupational Safety and Health, Sontara Asturias SAU, considers of vital importance that all the company's personnel participates and is actively involved in achieving customers satisfaction, in the fulfillment of the objectives and goals taking efficient and sustainable solutions and working to the same direction.

That is why we adopt this policy that provides the framework to establish and review the objectives and goals of the Integrated Management System.

The management of Sontara Asturias S.A.U., undertakes to:

1. Provide our customers with high quality nonwovens and service. Our culture of teamwork and continuous improvement will bring outstanding value to our customers by focusing on product performance, service and innovation. (Ref.: CORP-QAL-010 Rev. A)
2. Implement a Continuous Improvement system that affects all aspects of the Integrated Management System of the plant.
3. Continuously improve our Integrated Management System to minimize the impact of our practices, processes and products throughout the production cycle.
4. Continuously improve our results through the maintenance of our Integrated Management System.
5. Maintain a permanent and close dialogue with the authorities, the community and stakeholders (employees, customers, contractors, etc.), regarding practices, processes and products so that we address the specific concerns of all of them.
6. Consider people as the most important element of the company.
7. Implement a continuous training program to educate and motivate our employees and work with quality, safety and respect for the environment.
8. To make people working in Sontara understand that compliance with the Management System is of vital importance for the correct manufacture of the products, as well as that compliance with safety standards is an individual responsibility.
9. Directing towards the total elimination of accidents, serious incidents, emissions and spills, as well as minimizing the consumption and waste generated in our manufacturing processes, providing safe and healthy working conditions, eliminating hazards and reducing the identified risks.
10. Commit to all deficiencies being corrected.
11. Comply with all legislation and regulations that are applicable to our activity and product, as well as the commitments acquired voluntarily and those established by our customers.
12. Implement this policy by communicating it to all Sontara staff and to those who work on their behalf, as well as making it available to the general public.
13. Periodically review the integrated policy for its adaptation to the needs and expectations of Sontara.
